

Belco Industrial Services, LLC

---

March 28, 2018

Seldom in our industry do quiet changes lead to big differences, but this is one of those cases.

We are pleased to announce that Miller Environmental Services, LLC (Miller) has completed the [acquisition](#) of Belco Industrial Services, LLC (Belco). This acquisition will have a tremendous impact on both businesses, but the greatest impact will be on our valued customers. This combination provides a rock-solid management team as it broadens our service offerings and gives us full Turn-Key capabilities. Think of Tank Maintenance: we can blind, degas, clean, process sludge, transport waste, effect repairs, install high-quality linings or coatings, and pull the blinds... all under one roof. Innovative thinking and shortening the supply chain is how business will succeed in the future. We like how this combination of talent and resources positions us to do just that.

Belco will continue to operate as a fully-owned subsidiary of Miller. To learn more about all the services we provide, please visit our website at: [www.millerenviro.com](http://www.millerenviro.com) and [www.belcois.com](http://www.belcois.com)

We thank you for your ongoing support and we look forward to continuing to provide you with the highest quality services in the industry. Please do not hesitate to contact us with any questions or comments; we love hearing from you.

Sincerely,
